Land Lab... One last reminder! It's that time of year again! The Land Lab is being prepared for this year's planting season. Students will be planting a variety of items this year. They will be planting a sunflower patch behind the bird blind, a three sister's garden in the vegetable boxes, pumpkins, gourds around the tee pee, seeds, annuals, and perennials in the butterfly garden.

As we have in the past, we will be asking families to sign up for a week this summer to help water and weed the areas.

We are going to try to build up the butterfly garden this summer. In order to fill in some of the bare areas, we are asking for donations. You may even have some of these plants growing in your yard and can divide them.

Please contact Sandi Hood at sandihood1@yahoo.com or 419-878-9008 if you are able to donate any of the following items.
