

Frankly Speaking

Bio-Project: The students are doing a great job on their folders!! Thank you for your extra help at home. We have been trying to create our main idea cards at school. I passed out green note cards to help students separate the main idea from the other note cards. Folders need to be complete by Wednesday February 10th. I will collect and grade them and then return the folder to your child. Please read attached letter for more wax museum information.

Congratulations to **Faith Briars and Kaleigh Carson** for being chosen as star students. We have been busy filling their buckets by letting them know how great they are 😊

Thank you for all the snack donations to our class. I would like to thank all the families who donated items for our Valentine party.

AR: The students seem to be very excited about our accelerated reader program. Several students have already taken quizzes. Please make sure your child is reading an AR book each week. We will be taking quizzes every Tuesday morning. Students can take quizzes at anytime but remember Tuesday is our regular computer lab time.

OUTSTANDING BEHAVIOR!!

We are now working to earn our cookie cake party. So far we have earned the letters cookie c. Great Job!! We are making great progress.

Math: Wow! We had many students complete the math challenge. I have a special prize ordered for the students. Hopefully everything will arrive this weekend and I can pass out this and book-it prizes next week.

We are getting ready to plan our ice cream sundae party. The students are doing great with their 0-5 facts. I will wait and plan this after our Valentine party. I will send more information home soon.

We will have our **geometry test next Friday February 12th**. The test will cover plane and geometrical space figures, congruency and symmetry, area, perimeter, volume and some review problems.

Reading: We will begin unit 4. Our first story is Ananse's Feast.

In **Language Arts** we will finish up our bio-folders.

Social Studies: We will read Chapter 5 lesson 4 and then we will begin to review for our chapter test.

Frankly Speaking

Science: We have completed investigation one in our rocks and minerals unit. We have also read two stories called “Written In-Stone” and “Postcards from the Ledge”. The students are enjoying becoming geologist and “picking” rocks apart. Next, we will scratch different rocks to study their hardness.

Spelling: All spelling is to be done in cursive writing now!!! Please continue to put words in ABC order in the assignment book.

Book-It: New book forms went home this week. Keep reading. You can read AR books for Book-It too. Book-it will continue through February and March.

I would like to thank all the families who donated rice and beans to the people in Haiti. Your generosity was amazing. What a great lesson for our children.

We collected over a **TON** of food.
Wow!!

Dates to Remember:

Feb. 9th MAPS meeting 7 pm

Feb. 10th Bio-Folders due

**Feb. 12th Valentine Party
and Father-Daughter Dance**

Feb. 15th No School.
